

**WARNING!!**

## Attention NPA residents:

Bamaga Hospital has notified council that a patient was stung by a box jellyfish at Patterson Point while fishing/netting.

**Please advise your children not to go swimming at this time of the season.**

Parents, we cannot stress enough on how important it is to keep your children away from the water.

There have been reports of children swimming down at the Seisia Wharf, and council would like to remind the community that it is still stinger season.
