TENDERS CLOSE: Noon, Tuesday 6 June 2023

LODGEMENT:

tenders@nparc.qld.gov.au

Council Shire Office 180 Adidi Street (PO Box 200) Bamaga QLD 4876

1. Introduction

The following list represents the categories of trades and services sought by the Principal. For the avoidance of doubt:

- The list includes, for each category, examples of the goods and services that the Principal would expect the Tenderer to be able to supply within the category: and
- The goods and services which the Tenderer is expected to supply within a category should include, without limitation, the examples specified for the category.

The categories are based on the supply of goods and services for building repairs and maintenance, new installations and minor project works.

The Tenderer should complete its Tender Response on an hourly rate basis with materials charged in addition. Qualification of charges (if any) should be detailed in the Tender Response of the Tenderer. Tenderer to also complete WH&S systems Questionnaire to submit with rates.

2. Conditions of Tendering

2.1. Notice for Tenders and Quotations

Tenders will not be opened publicly.

2.2. Lodgment of Tenders

Tenders' submissions shall be lodged in accordance with this Clause, to be received no later than the date and time stated in the 'Advertisement of Tender'.

Tender submissions may be lodged through one of the following means:

- Hardcopy: submissions are to be placed in a sealed envelope noting tender number, marked 'confidential', addressed to NPARC Chief Executive Officer and delivered to Council Shire Office,180 Adidi Street (PO Box 200), Bamaga QLD 4876
- Email: tenders@nparc.qld.gov.au

Any tender not received before the specified closing date and time will not be considered unless Council is satisfied that, in the ordinary course of post or delivery, the tender would have been received at the place of lodgment by the closing date and time. The onus of proving timeliness is on the Tenderer.

Tenderers cannot submit more than one tender price for the same category of work or service.

Copies of mandatory documentation applicable to the category must be included with tender submission. These include QBCC licenses, relevant trade qualifications, Electrical & Refrigeration Contractors license, Registered Business certificate and other licenses.

Failure to supply mandatory documentation will result in a non-conforming tender.

NPARC reserves the right to consider any non-conforming tender if Council determines in its absolute discretion that it is for the benefit of NPARC to do so. This clause does not include the consideration of late tenders. Verbal tenders will not be considered.

2.3. Selection Criteria

Contractor services will not be hired on price alone. Section 2.4 provides a summary of the weighted criteria used to assess tenders.

The outcome of the tender assessment will determine the priority order for hire of individual trade services. However, the hire of any trade services will be at the absolute discretion of the Executive Manager of Operations to determine the most efficient delivery method of the works program.

Trade services performance will be continually assessed for the duration of the contract period. Poor performance in non-price criteria may affect the original assessment priority order throughout the contract period.

2.4. Assessment Criteria

Price Criteria:

a. Unit Price – 40%

Non-Price Criteria:

- a. Past Performance 30%
- b. Capability to Deliver 20%
- c. Enhancement of the capability of local business and industry 10% (local means that the business has been operating locally for a minimum of 12 months and resides within the Council boundary)

Non-conformance – not considered

A late tender is considered non-conforming and will not be considered in the assessment procedure.

2.5. Form of Contract

Tenders shall be in the form of a Schedule of Rates contract. If any section of the Schedule of Rates is not applicable to the tender "n/a" is written in that section.

Tenderers may include supporting statements at their discretion and are invited to submit alternate tenders should they be able to demonstrate a cost saving for council. Should tenderers submit an alternate tender, a complying tender must also be submitted also.

This Schedule of Rates contract is **not** subject to Rise and Fall.

Tenders must be legible and shall be in either black or blue ink or be type written.

All dimensions and units in reference to measurements in tenders shall be in metric units.

Tender documents shall be returned to the tenderer on request, however it is a condition of tender that the Council has the right, free of charge, to photocopy tender documents for audit purposes and to retain such copies. The tenderer may also request to be advised where, in accordance with this clause, the copy is held.

The tenderer shall set out in the Schedule of Rates, the rates at which he/she is prepared to hire each item of trade service offered during the Contract period.

Accepted rates tendered shall apply from close of tender to 11 April 2024 with an optional extension of up to 1 year. All rates are to be in Australian Dollars and inclusive of GST.

2.6. Standard of Works Performed for NPARC

All trade services and works performed for NPARC are to comply with all relevant QBCC, BCA, and all other statutory requirements, including codes and regulations.

2.7. Tender Validity Period

All tenders submitted shall remain valid for a period of 60 days after the close of tenders, unless accepted by Council earlier.

Once a tender has been accepted by letter of acceptance from Council, the rates provided in the tender remains valid for the nominated tender period.

- All high-risk work shall be only undertaken by suitable qualified persons
- PPE shall be available on site at all times
- All trade contractors shall maintain access to emergency services in case of an accident

7. Payment

Payment for establishment and disestablishment of equipment must be included into the hourly rate. No establishment or disestablishment will be paid under this contract.

The Contractor shall maintain a detailed record of work completed daily, including hour meter readings and odometer readings (where applicable), in duplicate and shall have such record of work certified by the works supervisor and the end of each working day, and by the Principal or Principal's representative at the completion of each working period.

Failure to maintain concise and accurate records and supply hour readings and/or odometer readings (where applicable) may result in delayed payment, or a minimum default payment.

The Contractor shall submit to the Principal or Principal's representative the signed originals of his work record, and photographs whenever requested in support of his claim for payment. The Contractor is to invoice Council one invoice per service per period. The invoices must show the nominated invoicing period, correct job description and type and hours of plant hired for each job worked (if applicable). Daily sheets must not display unit rates and shall only show unit quantity worked and job number.

Payment for completed work will be made by Electronic Funds Transfer (EFT) only. NPARC will not issue cheque or 'cash in hand' payments. The payments will take place on a fortnightly basis on the alternate week of Council's costing period. The Contractor is required to supply a valid Tax Invoice within (5) five days of the end of the plant hire costing period. Payment will be made within (8) eight working days of the end of the costing period. The invoice **MUST** be sent to <u>Creditors@nparc.qld.gov.au</u> to ensure payment of the invoice within the eight working days.

*Week One – Friday

1. Your Invoice must reflect hours only on the working days prior to and including this day

**Week Two - Wednesday

- 1. You must provide Council with an Invoice no later than this day, with the appropriate "NPARC Daily Operator Checklist and Report Sheet" attached
- 2. The billing period on the Invoice will only reflect the days as per *

3. Invoices not received by this day may delay your payment and incur penalties

***Week Three - Friday

1. Payment of Invoice will be settled on this day if all requirements are met

Failure to supply a **valid Tax Invoice** or supplying an incorrect invoice will result in delayed payment. Refer to Annexure A - Sample Tax Invoice.
